

# ANNIA J. FLORES

## FRONT-END DEVELOPER

### EXPERIENCE

2017 - 2018

#### DATA TRUST

Front end Developer

Responsible for the front end development of web projects for the agency's clients, Scotiabank being my main responsibility..

2013 - 2016

#### METALYCK

Asistente Comercial

Support in the sales, administrative and collections department in the company.

2011 - 2012

#### OMFG! ACCESORIOS

Designer / Founder

This was a jewelry online shop I started when I was a teenager; these products aimed at a young target audience, mostly teens with an edgy fashion sense. The project became popular among the young local people on Facebook and I was able to build a community of over 10k people on social media. I managed to build trust and a great relationship with my customers, who valued my eye for detail and efforts to offer the best online shopping experience.
